Adhesives for joints in plastics piping systems for sewerage inside buildings

## Martens Kunststoffen B.V.

### STATEMENT BY KIWA

This product certificate is issued on the basis of BRL 5221 "Adhesives for joints in plastics piping systems for sewerage inside buildings" dated 13-10-2016, conform the Kiwa-Regulations for Product certification.

The quality system and product characteristics in association with adhesives for joints in plastics piping systems for sewerage inside buildings are assessed periodically.

On this basis Kiwa declares that a justified confidence exists, that the adhesives for joints in plastics piping systems for sewerage inside buildings delivered by the certificate holder at delivery fulfil:

- the technical specification laid down in this product certificate,
  - the product requirements as laid down in this product certificate and in the BRL.
- provided that adhesives for joints in plastics piping systems for sewerage inside buildings have been marked with the KOMO®-mark in a manner as indicated in this product certificate.

## Adhesives for joints in plastics piping systems for sewerage inside buildings

---

### TECHNICAL SPECIFICATION

#### Subject

Adhesives for joints in plastics piping systems for sewerage inside buildings.

#### Product characteristics

The product complies to BRL 5221 adhesives for joints in plastics piping systems for sewerage inside buildings

Adhesives
<ul style="list-style-type: none"><li>PVC Glue for in house sewerage of PVC-U ("Uneplas new age solvent cement")</li></ul>

### MARKING

After conclusion of the certification agreement, each container of adhesive shall be provided with the following clearly legible and indelible markings:

- KOMO<sup>®</sup> (or KOMO<sup>®</sup> word mark) with certificate number;
- Manufacturer's or suppliers name and trade mark or identification mark of the adhesive;
- Application area: non pressure sewerage systems inside buildings;
- Standard for which plastics piping system the adhesive is suitable (e.g. PVC-U, PVC-C, ABS or SAN+ABS);
- Batch number;
- Date of manufacturing or "use before date", and a statement to the effect that the adhesive has a shelf life of minimum 12 months when stored in unopened containers in accordance with the manufacturer's instructions;
- Any safety precautions and instructions relating to use and storage.

The label should be in the language of the country in which the product is sold.

### RECOMMENDATION FOR THE CUSTOMER

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

if you should reject a delivery on the basis of the above, please contact:

- Martens Kunststoffen B.V.

and, if necessary:

- Kiwa Nederland B.V.

For the proper storage, transport and processing consult the instructions of the certificate holder.

Statements made in this quality declaration are not to be used instead of CE-marking and/or the required Declaration of Performance (DoP).
